The county army selection board has placed two more registrants in class one for failure to return their questionnaires with the questions answered in the specified time.

The two suffering the penalty this time are William Gross of Carthage and David A. Bromm of New Salem. This makes four registrants added to class one, thus losing all right to claim deferred classification, for failure to meet the requirements of the regulations providing questionnaires must be answered and returned to the board within seven days after they are received.

The board has classified thirty-seven more registrants, placing twelve in class one, five in class two, one in class three, eighteen in class four and one in class five. This makes a total of two hundred and ninety-two classified up to this

Fuel Administrator Has No Control Over Privately Ordered Coal.

In response to adverse criticisms of him because the Elks lodge had recently unloaded ten or twelve tons of coal in the basement of the Elks building, S. L. Trabue, county fuel administrator, today issued the following statement:

"The fact that the Elks got ten to twelve tons of coal, delivered last week, has caused considerable comment, which is embarrassing to me, and I have decided to make a statement as to why they got it and to show that I had no control over it. The facts are these:

"This car was ordered for the Elks by Frank Capp and was obtained through the courtesy of Fred Glore, formerly of this city, who is connected with a West Virginia mine. The order was placed over six weeks ago and the car came Friday of last week. It was turned over to Reed & Son for the purpose of supplying the Elks and selling the remainder, which was done.

WOMAN'S CONDITION IS VERY CRITICAL

Mrs. Richard Shaw of Connersville,

dent at Point of Death.

OTHER VICTIMS IMPROVING

Mrs. Richard Shaw of Connersville is lying at the point of death at the Dr. Sexton hospital as a result of the injuries sustained in an automobile accident at Williamstown Wednesday when the machine in which she was riding was struck by a Big Four freight train. Mrs. Shaw has been in a serious condition ever since the accident but during the last twenty-four hours has grown much worse. Both of her legs were broken and crushed.

Mr. Richard Shaw's condition is not nearly so serious. His head was injured and his back severely sprained but he seems to be improving. Mr. Shaw is also at the local hospital.

The two other victims of the accident, George Shaw and Ed Gloyd are doing as well as could be expected. Mr. Shaw suffered three broken ribs and Mr. Gloyd's back was injured.

HOLIDAY VACATION WILL END MONDAY

Schools Will Resume Work After
Week's Vacation Over Christ-
mas Holidays

HAVE PLENTY OF COAL NOW

The public schools will open on Monday morning after a week's vacation, for Christmas. It is rather unusual that school will be conducted on New Year's but in order to have given a vacation on that day, the vacation would have had to last over Monday also. In several previous years, New Year's has come on Saturday, Sunday or Monday when only one or no extra day would have been required for the vacation. Too, on account of the time lost in the quarantine the authorities are taking advantage of every opportunity to make up the lost time and for this reason have not lengthened the vacation.

Two new teachers will begin their duties in the high school on Monday. Dean Keith of Martinsville will teach history and coach athletics. He is a brother of J. V. Masters, former principal here, and comes highly recommended. A. H. Sutton of near Columbus, who has been assistant principal of the state normal school,

FUEL SHORTAGE LOOMS UP AGAIN

With Zero Weather Again on Job,
Coal is Short and Many Suffer
For Lack of It.

MERCURY 1 BELOW LAST NIGHT

Two Cars of Coal Arrive This Morn-
ing, One 20 and the Other
24 Tons Short.

With the prediction of "continued cold weather" and the statement of the coal men that they have no promise for coal in the immediate future, Rush county is again facing a serious situation and many persons are suffering from the lack of fuel.

The two carloads of coal which reached the city this morning were short almost half of their weight, and the remainder of the coal was sold in a few hours after it was received. Twenty-four tons, half of the car, had been stolen from the car of Indiana coal which J. P. Frazee received this morning and about 20 tons had been taken from the carload that Will Trenenpohl received from West Virginia.

In the face of this, the coal men were simply "covered up" with orders for coal. Several coal men have cars of coal in view but are of the opinion that it will not reach here for several days at any rate.

Last night's lowest temperature was one below zero and this mark was reached shortly before daylight. This morning at 7:30 o'clock the thermometer registered zero. Although the temperature last night at 6:30 was 10 above, it seemed much lower because of the raw wind. There was a drop of 34 degrees in less than 24 hours yesterday for the highest mark registered was 33 above. No warmer weather is expected for a time at least for the weather man predicts that the cold wave will remain for a few days.

Because of the dire shortage of fuel and the probability that the shortage will continue, all agencies are uniting to conserve it as far as possible. On this account the week of prayer services as first announced for the churches will be held instead in the court house and fewer meetings are being held in the churches during the week. The closing of most stores at 6 o'clock will also be an economy in this line. The fuel administrator puts saving of fuel as a patriotic duty of American citizens.

Mrs. George Handigas, who was operated on at the Dr. Sexton Hospital some time ago is better and will return to her home in Greensburg soon.

Here's Chance for Widow Or a Maiden with Money

At Age of 46 and "Again" Single, J.
I. Harden of Indianapolis
Writes Regarding a Wife

PLANS AND SPECIFICATIONS

A widow with fifty acres of land or a maiden lady with town property about \$5,000, or vice versa, may get a husband if she is in the right frame of mind. This is not leap year but the woman—if one is found—need do nothing but provide credentials as to her financial standing and John I. Harden, Box 472, Indianapolis, will attend to the small matter of popping the question.

A letter has been received at the county treasurer's office from Mr. Harden in which he sets forth the fact that he is "again" single and is in search of a helpmate—emphasis on the help since he seems to have a keen desire for property in some shape, whether it be in the form of

GERAGHTY'S LAST SUCCESS BOOKED

"A Man's Man," Scenario Written by
T. J. Geraghty Formerly of This
City to Be Shown

HAS HAD GREAT SUCCESS

Always Remembers His Old Home
Town and Some Characters
Based on Local Ones

The most successful picture written by Thomas J. Geraghty, who since he left Rushville some years ago has become a widely known scenario writer, is booked for the Princess theatre on January 23 and 24. The picture "A Man's Man" had a run in Los Angeles second only there to the "Birth of a Nation."

Mr. Geraghty has risen by leaps and strides since he left this city. He was first connected with the Metro pictures when he began writing scenarios. At that time he and his family made their home in New York but when he accepted an offer with the Lasky people whose pictures are produced by Paramount, Mr. and Mrs. Geraghty moved to Los Angeles. Since that time, he has accepted an offer from the Paralta now.

Mr. Geraghty never forgets to mention his home town. A flattering report concerning him which appeared recently in the Los Angeles Sunday Times termed his as "The Sage of Rushville" in connection with the cartoon of the former Rushville man. In a recent letter, Mr. Geraghty said that his picture "The American Consul" was based on characters he had known in Rushville and in a picture he had written not long ago for Mme. Petrova all of the names used were names from Rushville. In several for the home town people were added.

Of the picture "A Man's Man," Mr. Geraghty wrote "Tell Easley to book my play 'A Man's Man' starring J. Warren Kerrigan, a Paralta seven-reeler, which will be released in a week or so. It is a little the best picture I have written and when it was played out here for a try out—one week—it did the biggest business in the Auditorium in its history next to the 'Birth of a Nation.' Of course it is no such picture as that but it has a lot of quick, fast, sure-fire action in it. I am doing a story now for Henry Walthall which I think will even surpass it."

Mme. Petrova, Henry Walthall, Warren Kerrigan and Douglas Fairbanks are actors that Mr. Geraghty has written his plays for.

Miss Linnie Land who underwent an operation at the Dr. Sexton hospital recently is greatly improved.

Anderson Township Contributes \$1.00 Per Capita To Y. M. C. A.

The final report on the Y. M. C. A. fund donated by Anderson township has been received by T. M. Green, county chairman for the drive, stating that the sum of \$977.09 has been contributed from that township. At the time the report was made on the majority of the township's Anderson's fund had not been completed but this report shows that the township has gone \$177 over its quota of \$800 for the drive.

Claude Crane, chairman for the township, stated that 226 persons had contributed, that the average contribution was \$432, and that the amount per capita in the township would figure at about one dollar per person. One hundred and forty dollars of the fund was pledged by the different classes in the schools. An endeavor will be made to hand these pledges in by April 1.

WORKS TO RELIEVE FREIGHT CONGESTION

Director General McAdoo Moves
Engines From West to Pull
East Out of Jam

BLIZZARD HINDERS TRAFFIC

Washington, Dec. 29.—In the face of a blizzard which swept the eastern states, Director General McAdoo through his operating board of railroad executives moved quickly today to relieve freight congestion. More locomotives were ordered from the western line to pull the eastern points out of their jam. Eighty engines already have been transferred from the west into the congested districts and the movement of twenty-two more to the east is being expedited.

Meantime McAdoo centered his attention on the great need of the nation for prompt transportation of supplies. The board expects him to recommend immediate curtailment of passenger traffic and movement of non-war products to give right of way to coal and other war supplies. McAdoo urged the public to accept the changes as war measures.

ATTEMPT MADE TO RETAKE JERUSALEM

Nearly 60,000 Turks, Reinforced by
Austro-Germans, Try to Drive
Out British.

THEY OUTNUMBER THE ENEMY

Washington, Dec. 29.—Four Turkish army divisions, nearly 60,000 men, reinforced by Austro-German troops from the Russian and Roumanian fronts have begun a desperate campaign to retake Jerusalem and drive the British from the Holy Land, according to official reports reaching Washington today.

Heavy fighting is in progress over a front extending from Jaffa through Jerusalem and along the Jericho road almost to the river Jordan. The Turks vainly attempted to break the British hold on the Jaffa-Jerusalem railroad. Efforts to turn the British flank in the neighborhood of Bethany northeast of Jerusalem failed.

At some points Gen. Allendy's expeditionary force is outnumbered two to one. According to the official reports, he is making a determined stand against Falkenhayn's combined Turko-Austro-German divisions.

CAPTURE FIRST U-BOAT PRISONERS

U. S. Destroyers Fanning and Nicholson Take 4 Officers and 35
of Crew, Cable Reports Say

SEAMEN ARE COMMENDED

Germans Cheer Americans After
Destroyer Reaches Port, Navy
Statement Says

(By United Press.)
Washington, Dec. 29.—The United States destroyer Fanning, aided by the Nicholson, was officially credited with the capture of the first German submarine prisoners. The event occurred in November, according to cable reports.

Officers of the deck, Lieutenant Henry and Coxswain Loomis were commended for sighting the German submarine periscope and Elzer Horwell and Francis Gonner, who heroically jumped overboard to rescue a drowning German seaman. Four officers and thirty-five of the crew were taken prisoners after having been cared for aboard the destroyer. Germans cheered the Americans after the destroyer reached the port.

The navy department's story of the incident follows:

"At about 4:10 p. m. while escorting a convoy, coxswain David D. Loomis, lookout of the Fanning, sighted a small periscope some distance off the port bow, extending about a foot out of water and visible for only a few seconds. The Fanning immediately headed for the spot and about three minutes after the periscope had been sighted dropped a depth charge. The Nicholson also speeded to the position of the submarine, which appeared to be heading toward a merchant vessel in the convoy and dropped another depth charge.

At that moment the submarine's conning tower appeared on the surface between the Nicholson and the convoy and the Nicholson fired three shots from her stern gun. The bow of the submarine came up rapidly. She was down by the stern, but righted herself and seemed to increase her speed. The Nicholson cleared and the Fanning headed for the U-boat, firing from the bow gun. After the third shot the crew of the submarine all came on deck and held up their hands, the submarine surrendering at 4:28 p. m.

"The Fanning approached, the submarine to pick up the prisoners both destroyers keeping their batteries trained on the boat.

"A line was got to the submarine, but in a few minutes, she sank, the line was let go and the crew of the U-boat jumped into the water and swam to the Fanning.

"Although the crew wore life preservers," the statement continues, "a number of them were exhausted when they reached the side of the destroyer. As the submarine sank, five or six men were caught by the radio aerial and carried below the surface before they disentangled themselves. Ten of the men were so weak that lines had to be passed under their arms to haul them aboard.

"One man was in such a condition that he could not even hold the line thrown him. Chief pharmacist's mate Elzer Harwell and coxswain Francis G. Conner, N. N. V., jumped overboard after this man had secured a line under his arms. When he was hauled aboard every effort was made to resuscitate him, but he died in a few minutes. The four officers of the submarine and the thirty-five members of the crew were all taken prisoner.

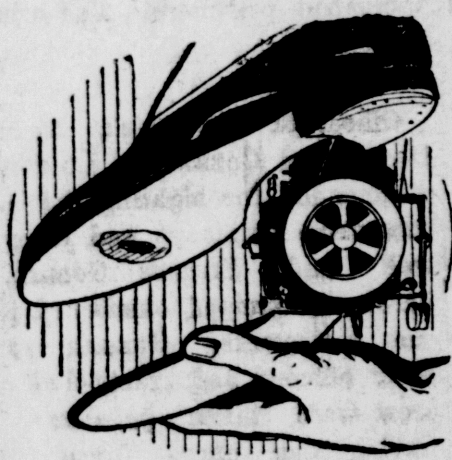

"After being taken on board the prisoners were given hot coffee and sandwiches. Though kept under strict guard they seemed contented, and after a short time commenced to sing. To make them comfortable the crew of the destroyer gave them

 ance this number will stay in class

 ined and found to be physically un-
 fit, and therefore was placed in

 their warm coats and heavy cloth-
 ing.

"The German officers said the first
 depth charge had wrecked the ma-
 chinery of the submarine and caused
 her to sink to a considerable depth.

"The submarine bore no number
 nor distinguishing mark. She was,
 however, identified by life belts and
 by statements of an officer and men
 of the crews. One of the life belts
 the reports said had 'Kaiser' marked
 on one side and 'Gott' on the other.

"The fanning proceeded to port
 and transferred her prisoners, under
 guard. As they were leaving in
 small boats the Germans gave three
 cheers. The commanding officer of
 the fanning read the burial service
 over the body of the dead German
 sailor and the destroyer proceeded
 to sea and buried him with full mili-
 tary honors.

"In his report the commander of
 the fanning praises the conduct of
 his officers and crew, and gives par-
 ticular credit to Lieutenant Walter
 O. Henry, officer of the deck, and to
 Coxswain Loomis, who sighted the
 periscope. He also commends Phar-
 macist's Mate Harwell and Coxswain
 Connor who jumped overboard to

LOCATES SEED CORN HERE

Marion Dietrick Urges Farmers to Keep It Until Spring

In behalf of the government, Marion Dietrick, county emergency demonstration agent, is locating seed corn and old corn among the farmers of Rush county. G. I. Christie, head of Purdue's extension department, has been allowed \$1,000 by the government to buy old corn for use in the spring for planting purposes and at present Mr. Dietrick is finding farmers who have such corn for sale and will keep it until spring. The price will be set by the buyers and sellers, but Mr. Dietrick stated that it would be an easy matter to get \$5 a bushel for the corn.

Socialist Speaks

In the course of a recent debate in the Vienna Reichsrat the Czech Socialist leader, Stransky, violently attacked Germany and sharply criticized Count Czernin's peace program. Referring to Germany, Stransky said it was the fatal desire for the predominance of the German nationality in Austria which had brought on war.

But for that the concessions offered by Serbia would have been considered sufficient. Europe would stand a strong Germany, but not two strong German Empires side by side, governed from Berlin. Perhaps after all, Great Britain, France, and America are not so simple as to fight merely for the freedom of the Poles, Bohemians, and southern Slavs, but fight rather for political reasons for securing the guaranty of an Austria independent of Germany and not ruled from Berlin. It has been asserted that the alliance with Germany is indissoluble, but nothing on earth is indissoluble. Even if the union is so firm, circumstances may arise to render its continuance impossible, because they affect not only the policy but the actual existence of the country. Referring to Count Czernin, he called the count's peace conditions nothing but phrases. They were no conditions at all, but only a designation of the situation which should prevail after peace. They were not even, as the count modestly claimed, his own ideas, but were "made in America"; that is, they were President Wilson's ideas put forth at a time when America was at peace.

Not "Our Allies"

A request coming directly from President Woodrow Wilson that the term "Our associates in the war" be substituted for "Our Allies" has been received by the Indiana State Council of Defense and the Federal food administrator for Indiana, Dr. Harry E. Barnard. Needless to say the request will be complied with in all future publicity and correspondence emanating from these two sources.

The wishes of the president were conveyed to the Indiana officials through a letter from the United States Food Administration quoting a letter from the White House, as follows:

"I have noticed on one or two of the posters of the Food Administration the words 'Our Allies.' I would be very much obliged if you would issue instructions that 'Our Associates in the War' is to be substituted. I have been very careful about this myself because we have no allies, and I think I am right in believing

that the people of the country are very jealous of any intimation that there are any formal alliances.

"You will understand, of course, that I am implying no criticism. I am only thinking it important that we should all use the same language.

"Cordially and Sincerely yours,"

"WOODROW WILSON."

Become Wholesalers

Any grocer supplying a hotel is classed as a wholesaler and must have a license under the federal food control act, according to advice just received by Harry E. Barnard, federal food administrator, for Indiana. The ruling came from the legal department of the federal administration, which holds that the food control should obtain as much with reference to this class of retailers, even though many of them may be small, as exists in reference to the dealers whose sales total \$100,000 per year. County food administrators in Indiana have been advised by Dr. Barnard to see to it that all retailers conform to this regulation and secure federal licenses at once.

Reports from hotels, restaurants,

boarding houses, clubs, and other public eating houses in Indiana, indicate that for the first month of the meatless and wheatless day regulations 695,000 pounds of meat and 311,000 pounds of flour were saved. The federal food administrator has no way of estimating the saving through substitution of perishables for staples, in private kitchens. Altogether the showing is considered "satisfactory."

One On The Judge.

This is one on Judge Sparks, chairman of the legal advisory board for the draft, and he tells it on himself as a good joke.

He was the only member of the board who showed up at the sheriff's office Thursday night to help registrants fill out their questionnaires. When he arrived several men were standing around the sheriff's office, awaiting the assistance of a member of the board, Judge Sparks assured them if they would wait someone would be there soon to help them. None put in their appearance, and Judge Sparks called several and asked them to come down. E. B. Thomas and Douglas Morris were the first ones to arrive.

Just about that time the Home Guard began to drill and Judge Sparks realized that the crowd was

Fighting Over the Empty Sugar-Bowl

Blaming the Food Administration itself for the sugar shortage, and charging that its sugar committee is "a mere adjunct of the American Sugar Refining Company, the sugar trust," Mr. Claus A. Spreckels, called "the leading independent sugar-refiner of the country," started the Senate Committee's inquiry into fuel and sugar conditions with somewhat of an explosion. In reply to Mr. Spreckels's charges, Food Administrator Hoover issued a statement in which he said that "it required no proof from me to establish that Mr. Spreckels, the leading sugar-refiner, is sore at the Food Administration, and would like to see it destroyed. I realize that Mr. Spreckels's balance sheet will not look so good next year as last, for refiners' profits have been regulated."

In THE LITERARY DIGEST for December 29th, there is a very enlightening article dealing with the sugar situation from various view-points, showing what has caused the shortage and what the Food Administration has done to curtail the cost of sugar to the people.

FIGHT FOR YOUR LIFE

Duty Demands Robust Health

Fight to get it and keep it

Fight—fight day in and day out to prevent being overtaken by ill and ails. Keep wrinkles from marring the cheek and the body from losing its youthful appearance and buoyancy. Fight when ill-health is coming with its pallor and pains, defects and declining powers. Fight to stay its course and drive it off.

But fight intelligently. Don't fight without weapons that can win the day for without the intelligent use of effective weapons the pallor spreads and weakness grows and a seemingly strong man or woman oftentimes becomes a prey to ill after all.

You will not find this class of persons in the hypoferrin ranks. No unhealthy, dull, draggy, droopy persons in that line. It is a hale, hearty, robust aggregation of quick-steppers who view life in a joyous frame of mind and are mentally and physically equal to any emergency. Hypoferrin stands for sound body and sound mind—it is the invigorating tonic of the times—powerful and unsurpassed as a health restorer, vitalizer and health preserver. Fight to hold the vigor of a sound body with hypoferrin or to stay the process of decay and restore health and strength—you win. This tonic of amazing, wonder-working properties has been approved by physicians as a restorer and safeguard of health. It is a thoroughly scientific preparation of the very elements necessary to tone up the stomach and nerves, to build strong, vital tissue, make pure blood, firm flesh and solid, active, tireless muscles.

Hypoferrin contains these mighty strength-producing agents, leucithin and iron peptonate, in a form best adapted to benefit the body and its organs. Its ingredients are absolutely necessary to the blood. In nine cases out of ten a run-down condition, sallow, pale complexion that "all in" feeling and frail bodies are due to lack of leucithin and iron peptonate in the system.

Your mental and physical strength and endurance depends upon a leucithin and iron peptonate laden blood; steady, dependable nerves and a healthy stomach. With these you can meet life at any angle.

This wonder tonic, hypoferrin, which is as perfect as science can get to nature, meets every essential demand of the human organism. It is safe and sure and a boon to run-down, worn-out men and women. Hypoferrin means nature's own way of bringing color to the cheeks, strength to the body and keeping the vigor and buoyancy of youth. The powder and paint way of affecting beauty is not needed by hypoferrin women and girls. Their blood, filled with nature's beauty stores, creates conditions that give firmness and grace to the body and the glow of health to the cheeks.

No need of going through life sickly and always feeling miserable in this age of medical science. Join the hypoferrin ranks. It puts into you the springy snap and vigor you ought to have and puts life to your body and mind that inspires the confidence that you confront the world on an equal footing with anyone.

Hypoferrin may be had at your druggist's or direct from us for \$1.00 per bottle. It is well worth the price. Septanet Remedies Co., Cincinnati.

NO FARMING CLUBS FOR RUSH COUNTY

Ruling of State Board of Accounts Calls Plans For Them to be Called Off

TRUSTEES CAN'T PAY SALARY

The idea of having an instructor for the boys and girls farming clubs of the county next spring has been practically given up because of the new ruling passed by the state board of accounts. The ruling states that trustees can give no money toward the salary of the instructor and in this way the money for the work would have to be raised entirely by subscription.

Marion Dietrick, county emergency demonstration agent, stated today, that in view of the many calls for money for patriotic purposes the plan for the instructor would probably be abandoned.

Until the new ruling was passed, plans were being made for the clubs and for hiring an efficient instructor.

your attention for a moment I shall be greatly obliged.

At the age of 46 I am again single. I have spent a large part of my life in collecting and diffusing information, have been writing articles and stories for 15 years, and may say that I have developed my intellect more than most persons. Furthermore I own, and am in charge of considerable real estate. Where is one in my situation to look for friends and associates among the opposite sex? Shall I be indifferent about education, culture and assets and accept any acquaintance chance throws in my way, or shall I try to select my acquaintances?

I am answering the question this time by writing you. If you could send me the names of two or three respectable single women, under 40, who have land or property, I should be greatly obliged. I do not ask you to assume any responsibility or interest in the matter. Just send me the names and I will accept them as confidential. If you can favor me will you put the information in the following form:

Mrs. E. Smith (Wid.) Rushville, 50 acres land. Age 35.

Miss M. Brown, Rushville, \$5,000 town property. Age 30.

I should welcome any other details, but the items I have specified above would enable me to make a beginning.

The wedding of Miss Blanche Baine, head of the English department in the local high school, and Lewis W. Rawlings which was solemnized on Wednesday, December 26, at the home of the bride's parents in Martinsville has been announced. Mrs. Rawlings is the daughter of Mr. and Mrs. J. E. Baine of Martinsville and Mr. Rawlings is the son of James Rawlings of Hartford city.

The simple but pretty wedding service which was performed by the Rev. J. J. Moss took place at 6:30 in the evening and was followed by a bridal dinner which was enjoyed by the ten guests who attended the wedding, including only the immediate family. The friendship was formed at Hartford City last year where Mrs. Rawlings taught in the high school and Mr. Rawlings lived at the time. Mrs. Rawlings will continue teaching in the local school during the remainder of the year and the young couple will make their home with Mrs. C. H. Gilbert in North Main street.

During her short stay in this city, Mrs. Rawlings has gained a number of friends and has become very popular in the school as well as shown her efficiency. Mr. Rawlings is a talented violinist and at present is connected with the Boxley Music Store.

The wedding of Miss Rosella Beatrice Boyce, daughter of Mr. and Mrs. James P. Boyce and Clark G. Behler, both of Fort Wayne, which took place yesterday at 9 o'clock at the St. Patrick's Catholic church there will be of interest to many friends and relatives of the bride in this city. Miss Marcella Behler, sister of the bridegroom was maid of honor and Asher Boyce, brother of the bride gave her away and Ensign James Boyce also a brother of the bride attended the groom as best man. Mr. and Mrs. Behler left for an extended bridal trip. Mrs. Behler lived in this city for many years and has visited here several times recently.

The Reeves annual Christmas dinner was held at the home of Mr. and Mrs. Alonzo Newhouse in Center township on Christmas day. Those present were Mr. and Mrs. Jeff Reeves and daughter, Audrey, Mr. and Mrs. Jap Steel, Mr. and Mrs. Thomas Duke, Mr. and Mrs. Rea Boring and daughter, Mr. and Mrs. Earl Wright, Mr. and Mrs. William Reeves, Mr. and Mrs. Knowlie Newhouse and daughter, Ethel, J. O. Brown and Benton Brown.

Mr. and Mrs. Frank George pleasantly entertained the members of the D. R. C. Club at their home in New Salem last evening. One of the interesting features of the evening was the short talk given by Private Roy Culbertson of Quantico, Va., who is home on a furlough, on camp life. Dainty refreshments were served late in the evening to the 25 guests. Miss Edna Trobaugh of South Bend was also among the guests.

Mr. and Mrs. Morris M. Winship entertained with a family dinner today at their home in East Fifth street, honoring Lieutenant and Mrs. Hale Pearsey, who were recently married and will leave today for Camp Shelby, Miss., where Lieutenant Pearsey is stationed. The elegant course dinner was served at twelve o'clock and covers were laid for about twelve guests.

About 15 couples attended the informal dance given at the Social

Club last evening when Sherman's three piece orchestra provided the music. A delightfully informal time was enjoyed during the dancing series. Miss Marian Gronendyke and Kenneth Coffield of Newcastle were the only out-of-town guests.

Mr. and Mrs. Isaac Miller entertained yesterday at their home at 403 North Arthur street with a family dinner. The guests for the all day affair were Mr. and Mrs. At Boling, Mr. and Mrs. Joe Miller and three children and Mr. and Mrs. Walter Miller of Indianapolis.

The annual election of officers will take place at the meeting of the Monday Circle to be held on Monday at the home of Mrs. Minnie Abercrombie in North Morgan street. In addition to this, Mrs. C. H. Gilbert will have a paper on "Portia, Desdemona, Imogene, Beatrice."

On Monday evening, Prof. William F. Jenkins will lecture in the library at the court house on "Charles Dickens," for the members of the Shakespeare Club and their invited friends. The last program given at the club was in preparation for the lecture on Monday evening.

About forty members of Psi Iota Xi are expected at the pitch-in supper being given this evening at the Social Club honoring the college girls who are members of the sorority and are home for the holidays.

Mrs. Donald Alexander was the charming hostess, when she entertained a number of friends yesterday afternoon at her country home northwest of this city with an informal tea.

DELAY BUYING WOOL ADMITTED BY SHARPE

Quartermaster General Says it Took From April to August to Arrange For Purchase

FIRST ONE MADE DECEMBER 1.

Washington, Dec. 29.—Months delay in buying wool for soldier uniforms and overcoats were admitted by Quartermaster General Sparpe before the senate military probers today. This delay, camp commanders have testified, has resulted in the deaths of scores of troops who suffered from pneumonia.

Sharpe said it took from April 3 to August 1 to arrange for wool purchases. No considerable quantity of wool was purchased until December 1.

TRAVELERS MEET TODAY

Indianapolis, Ind., Dec. 29.—The annual meeting of Indiana's Commercial Travelers was held here today. The annual ball which is staged during the holiday season by the travelers was called off this year because of war conditions. The travelers discussed the means of increasing patriotic interest and other ways in which they could be of help in winning the conflict.

CHANGE IN DELIVERY

K.K.K. Sorority Pledges \$2,000 For Ambulance

Local Tri Kappas Will Have Part in Purchase of War Equipment With Funds Saved on State Convention and Reduction in Size of Cross Keys.

EIGHT FROM HERE ATTEND

The local chapter of Tri Kappa has had a part in the purchasing of the Tri Kappa ambulance which will be given to the government for service abroad by the entire organization. The decision was made at the business meeting of the sorority, held in the Claypool Hotel yesterday, to purchase a Red Cross ambulance with the money that had been saved by giving up the spring convention and by issuing the sorority publication, "The Cross Keys," in much simpler form. By these measures, \$2,000 will be saved, the amount necessary for the purchase of the ambulance.

The sorority convention usually consists of a dinner, business meeting and formal dance. These have been done away with and the Cross Keys will be put out in bulletin form instead of the booklet in order that the funds may go toward war relief. Eight members of the local chapter were at the meeting yesterday in Indianapolis when these decisions were made. Officers for the coming year were elected at the meeting as follows: Miss Mary Lee Hicks of Bloomington was re-elected president; Miss Mary Rieman of Connersville, vice-president; Miss Ruth Earhart of Huntington, secretary; Miss Ella Baumfield, treasurer; Mrs. Edna Barbes of Montmorenci, editor of Cross Keys.

NOT TO BE ACCORDED USUAL COURTESIES

American Prisoners Will be Employed by Germans in Low Form of Labor

NEWS AT U. S. HEADQUARTERS

(By United Press.) American Field Headquarters in France, Dec. 29.—Americans who may be captured by the Germans are to be regarded as not entitled to the ordinary courtesies accorded prisoners of war, according to information reaching here today.

It is presumably the intention of the Germans to employ American prisoners in low form of work under wretched conditions such as the Germans imposed on the Russians in the past. The Germans regarded the Russian prisoners as little better than animals and compelled them to live in frightful surroundings.

HOLIDAY VACATION WILL END ON MONDAY

Continued From Page 1 will have charge of the science department. A part of the high school teachers who have been at their homes over the holidays have returned and the remainder are expected to tomorrow.

All of the schools are well supplied with coal for a time so the shortage will not effect them.

GOVERNOR'S MOTHER DEAD

(By United Press.) Winchester, Ind., Dec. 29.—Mrs. Elizabeth P. Goodrich, age 77, mother of Gov. James P. Goodrich, died this morning following a relapse which she suffered two days ago. The governor was at her bedside. Five sons survive. Mrs. Goodrich was stricken with heart disease last May and her condition was critical for several weeks at the time the governor was at the point of death in Indianapolis a sufferer, with typhoid fever.

SOLDIER, ILL, IS HOME

Herman Osborne, son of Mrs. Lillian Osborne of this city, who has been with Company M of the 152nd Infantry at Camp Shelby, Miss., reached the city today for a visit of several days. Mr. Osborne has been quite ill having had spinal meningitis since he reached Hattiesburg. He is greatly improved in health at present and after a few days furlough will return to the camp.

Recipes Suggested For Wheatless Days

The following recipes are suggested by Miss Kate Dennis, domestic science instructor in the high school, as an aid to housekeepers in solving the problem of variety in the days meals, especially on wheatless days.

Barley Ginger Bread.

Two cups barley flour, 1 cup fat, 1 egg, 1 cup sour milk, 1 cup molasses, 1 teaspoon soda, 2 teaspoons baking powder, 1 teaspoon ginger, 1 teaspoon salt.

Barley Cookies.

Two cups barley flour, 1 cup fat, 1 cup sugar, 1 or 2 eggs, 2 teaspoons baking powder, 1 teaspoon salt, 2 or 3 tablespoons milk or water, 1 teaspoon flavoring.

Barley and Oatmeal Cookies

One cup barley flour, 1 1/2 cups rolled oats, 1 cup fat, 1 cup brown sugar, 1 cup Karo syrup, 1 egg, 3 tablespoons water, 2 teaspoons baking powder, 1 teaspoon salt, 1/2 cup nuts.

Raisin Cup Cakes

One-third cup fat, 1 cup sugar, 1 egg, 1 cup milk, 1 1/2 cups "red dog," 3 teaspoons baking powder, 1 teaspoon vanilla, 1 cup raisins.

Spice Cookies.

One-half cup molasses, 1 cup sugar, 3 tablespoons fat, 1 tablespoon milk, 2 cups "red dog" flour, 1 teaspoon soda, 1/2 teaspoon salt, 1/2 teaspoon cloves, 1/2 teaspoon cinnamon, 1/2 teaspoon nutmeg.

Plain Barley Cake.

Two cups barley flour, 1 cup fat, 1 1/2 teaspoons baking powder, 1 cup milk or water, 1 cup sugar, 1 egg, 1 teaspoon salt, 1 teaspoon flavoring. (Rye flour, or "red dog" can be used instead of barley.)

Corn Meal Ginger Bread

One cup of corn meal, 1 cup of molasses, 1 cup of sugar, 1 tablespoon of fat (Butter or Crisco) 1/2 teaspoon of salt, 1/2 cup of sour milk. Cook the ingredients in a double boiler about 20 minutes then add, 1/2 cup of wheat flour (or any other flour), 1/2 teaspoon of ginger, 1 tea-

PURDUE WILL GIVE 8 WEEKS DAIRY COURSE

Courses Will Be Divided into Farm Dairying and One on Dairy Machinery

WILL START NEXT MONDAY

Lafayette, Ind., Dec. 29.—An 8 weeks' training course in dairying will be given at Purdue university starting next Monday. Final arrangements were completed for the course today.

The courses are divided into one for farm dairying and the other on dairy machinery. Instructions are given in dairy breeds, in the care, feeding and grading of a dairy herd, milk testing, butter making and the like in the farm dairy course.

The manufacturing course is designed especially for those who expect to engage in the manufacture of butter and other dairy products.

About one-third of each day's work will be done in the class room and the remainder will be spent in the creamery and dairy laboratories. Visits will be made to model farms in the vicinity of Lafayette.

COMMITTEE WOMEN MEET

War Activities Held up Until Instructions Come

To make plans for the women's war activities, the heads of some of the committees appointed by the County Council of Defense had a short meeting in the court house Thursday afternoon. The women are awaiting instructions from the state committees before starting on any definite work. The work is to cover nine departments of war relief and under the supervision of these committees all women's war activities in the county are to be conducted directly.

COMMITTEE WILL AID FOOD ADMINISTRATOR

H. E. Barnard Has Authorized M. F. Lovett to Appoint Advisory Committee of Any Size

SUGGESTS COUNTY COUNCIL

County Food Administrator M. F. Lovett has been authorized by Dr. Harry E. Barnard, federal food administrator for Indiana, to select and appoint a county executive or advisory committee. It is suggested that where possible the members of the county council be appointed, but where this is not practicable county administrators are advised to consult with the chairmen of the county organizations. The size of the committee is left to the discretion of the county administrator, but should be large enough to make possible a survey and continued observation of the sale and distribution of food. The committee is in no sense to direct the administrator's work, but to assist both by actual reports and moral support, where needed. County administrators are advised also to name two assistants who shall report violations of price regulations and similar abuses. These men will serve as deputy county administrators.

CITY REGRETS LOSS OF REV. L. E. BROWN

Connersville Paper Speaks in High Terms of Minister Who Has Accepted Local Call.

WILL BEGIN MARCH FIRST

Has Been in Connersville For Five Years—Appeared Often on Chautauqua Platform.

Of the Rev. L. E. Brown of Connersville, who recently resigned his position as pastor of the Christian church there to accept the call of the local Christian church in March, the Connersville Examiner says the following:

The Rev. L. E. Brown has accepted a call to the Christian church in Rushville. His resignation has been formally presented to the Connersville trustees of the Central Christian church. The Rushville congregation issued a unanimous call a few days ago and the pastor decided to make the change. He has announced that the new charge is a very desirable one. He will be paid a higher salary than the one offered here. The salary is to be two thousand dollars a year, with a free manse and one month's vacation. Even though the members of the local congregation may attempt to retain the pastor's services he has announced that his pledge will be fulfilled.

The Rev. Brown is one of Indiana's foremost ministers. He is a deep student of the Bible. He has been prominently identified with the nation's ministerial work for longer than forty-two years. The minister is now sixty-two years old and he is recognized as one of the most able pulpit orators in this section of the Central states. Dr. Brown has attained state-wide fame because of his chautauqua and commencement addresses and during the past fifteen years he has delivered powerful messages in practically every part of Indiana and Ohio.

The Rev. Brown has been pastor of the Central Christian church for five years. No pastor in Connersville is more widely known or more genuinely admired than he. He is a friend of the people. His pulpit orations have attracted large audiences from the opening sermon to the present time. He has a large following of friends in this county, not only among the members of his own congregation, but among those of other religious denominations.

Before coming to Connersville, Rev. Brown was pastor of the Lebanon congregation for eight years. The Lebanon people deeply regretted his departure and it is known that church goers of every denomination in this city will realize they have lost the service of a useful figure by the departure of this worthy man.

Dr. Brown is democratic in his views. He is a man of high intelligence. He is broad minded, has a foresight into the future, and is never radically disposed concerning any particular point. He is a firm advocate of temperance and has rendered valuable work in this particular pursuit. But in aiding the cause he was one who made friends, even among the men of the opposite belief.

DRYS PLAN 1918 CAMPAIGN

To See That Amendment Is Approved at Legislature

Indianapolis, Ind., Dec. 29.—Political leaders are getting ready to draw the lines for next year's campaign in the state along wet and dry lines. Although Indiana has adopted the state-wide prohibition law, the drys are going to make a determined fight to see that the federal constitutional amendment is approved at the meeting of the Indiana legislature in 1919. Wet interests now although centering their attention on the result of the test suit of the state prohibition law, are working the ground for congressional and legislative elections. Considerable interest has been manifested in the action which the Democratic state central committee may take on the issue at its meeting here on January 15.

Amusements

The Spy will be the feature at the Gem theatre on Monday, Tuesday afternoons and evening.

This evening's program offers another adventure of Stingaree, an extra good 2 reel comedy.

Much of the real kind of comedy appears in the water scenes of the latest Ann Pennington picture, "The Antics of Ann," which is to be shown on Tuesday at the Princess theatre, when Miss Pennington as a rather harem scarum boarding school girl amazes her relatives and friends by appearing in a daring if somewhat risqué bathing suit. The interested spectators who flocked after her at the hotel where the scenes were taken nearly upset the bathing raft and it was necessary to send for the life guards to rescue the small star.

This evening's program at the Princess includes little Mary McAllister in the comedy "Pants" which is especially appealing to children. "The Runaway Colt" is a farce comedy which is said to be an excellent production. On Monday, Carlyle Blackwell and June Elvidge appear in "The Marriage Market."

When the United States declared war against Germany, on April 6, 1917, ninety-six enemy vessels, interned in American waters, were immediately seized by Government officials. The total value of these

amounted to more than \$107,250,000. In proof of the widespread system of German espionage and instructions, as is outlined in the William Fox Special, "The Spy," the crews of these ships did their best to effect serious damage to their vessels.

At the Shubert Murat Theatre, Indianapolis, all of New Year's week commencing Monday night December 31st, and with the usual Wednesday and Saturday matinees, and a special New Year's Day matinee, William Harris, Jr. will present "The 13th Chair" by Bayard Veiller, who also wrote the wonderfully successful melodrama "Within the Law", and which like the latter had a most remarkable run in New York. ALLIES FIGHT FOR FREEDOM AND PEACE

Declaration of Lloyd George to War Congress Says England's Aim is Not Imperialistic

SAME AS WHEN ENTERED WAR

(By United Press.)

London, Dec. 29.—The allies purposes in continuing war are not imperialistic or vindictive but for the future freedom and peace of mankind. Premier Lloyd George declared in a message delivered to the Labor Congress Friday.

"The question of a new declaration of our war aim is constantly kept in view," declared Lloyd George. "But such a declaration will only be issued in agreement by the allies. The ideals for which we are fighting are the same as those when Britain entered the war. Never were we more convinced that our purposes are not imperialistic or vindictive, but to achieve freedom and peace for mankind."

Lloyd George's speech followed the opening speech by Arthur Henderson. President Wilson's aim and urgent plea for Great Britain to make clear to the world, that she was not fighting for world conquest was moved and the adoption of his outline of war was made.

the real hit of last season beginning an engagement at the 48th Street Theatre, early in the fall a year ago and continuing there until the opening of the present theatrical season, being received with enthusiasm by all the critics all of them pronouncing it an unusual play and an unusual subject.

In writing "The 13th Chair" Mr. Veiller has selected one of the principal characters a spiritualistic medium, one Rosalie LaGrande who although admitting a certain amount of charlatanism, yet retains the sympathy of the audience. Rosalie LaGrande has been engaged to conduct a seance at a fashionable home, the object of which, as conceived by one of the characters who is a believer of the psychic, is to discover the perpetrator of an unaccountable murder. During the thrilling moment it is suddenly discovered that one of these in the mystic shrine has himself been slain in a most uncanny manner. "So great is the mystery that a clever police detective with all the resources at his command finds it insoluble and the audience involuntarily joining in trying to unravel the untangled skeine is kept in suspense until the fall of the curtain as to the identity of the real criminal there never was a moment without interest.

Mr. Harris has assembled a cast of real excellence to portray the various characters in the play and provided a production that is said to be scenically perfect. In the company are Blanche Hall, Joseph Garry, Marie Goff, Vereone Kelso, Herbert Fortier, Perry Hopper, Sidney Blackmer, Madge Corcoran, Jane Gilroy, James Morrison, Elaine Anderson, Edward Keenan, Anne Amerys, Arthur Fitzgerald, Ethel Man-

CAMPAIGN WILL OPEN ON TUESDAY

Republican and Democratic Chairmen Will Name Members of Permanent Board.

REGISTRATION IS IN MARCH

Will Continue Until 29th Day Before Election—Primary Will be Held on May 7.

The campaign of 1918 in Rush county will really start the first of the year, due to several changes in the primary election law made by the last legislature. The political machinery will really be put in motion next Tuesday, when under the provisions of the law, the Republican and Democratic county chairmen will name a member each for the county board of registration and election commissioners. These two appointees, with the county clerk, will compose the board. As a result of the changes in the law there has been considerable confusion in the minds of the voters as well as political leaders. The board to be named will have charge of both the registration and election. The changes in the law will have a tendency to make politics the entire year, it is believed here.

The election and registration commissioners for 1918 must be appointed on Tuesday, January 1. The language of the law on this point is as follows:

"In each county of the state the clerk of the circuit court and two qualified electors by him appointed, one for each of the two political parties that cast the largest number of votes for the office of secretary of state in the last preceding general election, shall constitute a county board of registration commissioners, hereinafter called the registration board. Such registration board shall also serve and perform the duties of the county board of primary election commissioners and also the duties of the county board of election commissioners, as provided by law."

"The appointment of said two qualified electors to the registration board shall be made on the first Tuesday in the month of January in each year in which a general election is held, and if prior to that time, the chairman of the county central committee of either party that cast the largest number of votes for the office of secretary of state in the last preceding general election shall nominate in writing a qualified voter of his own party residing in the county for such appointment, the said clerk of the circuit court shall appoint such nominee."

The law states that the board shall organize for registration purposes on the third Monday in March, by appointing a chief clerk of registration and a deputy clerk, also assistant clerks if such are needed. The actual work of registering voters, however, will not start until the second Monday in April. The registration board will be in session from that time on "until Monday, the 29th day before the general election, which last named day shall be the last on which a voter may register."

No registration is required to vote at the primary, which, under the change in the law, will be held on the first Tuesday after the first Monday in May. This will make the date for the primary May 7.

A candidate wanting his name to appear on the ballot of his party in the primary must file a declaration with the county clerk setting forth the name of the office for which he seeks nomination at least 30 days and not more than 60 days before the date of the primary. This means that candidates will begin announcing themselves in March and April. In cases where those seeking nomination of state offices the declaration is filed with the secretary of state.

The method of organizing the state, county and district committees will be the same as in 1916. The precinct committeemen will be named in the primary and they will later name the county chairmen, who in turn will name the district chairmen.

This Christmas Time

Will be rich in the memory of each person who has extended its cheer to the lives of others.

During the year ahead of us the same spirit should find frequent expression toward those who are fighting our battles at the front and also toward those who fight the battles of life at home.

In the days to come our hands should find willing service for those who have gone as our representatives, who stand in our place and stand to preserve the blessings we so greatly prize and enjoy.

As we cultivate this spirit of helpfulness, we not only spread cheer and comfort, but we weld and strengthen the bonds of our National life.

Catarrh of Throat

Miss Amalie Ruzicka, 1449 South 16th St., Omaha, Nebraska, writes:

"I have suffered with catarrh of the throat. I caught cold and it settled in my throat, and I coughed badly and was very weak. I could not sleep and had no appetite. I had two doctors, and had taken so many different medicines and found no help. I thought I will have to give up; but at last my mother read about Peruna, so I thought of trying that great medicine Peruna. I got a bottle of it and in about four days I almost stopped coughing, and after a while I surely found relief, and from that time we are not without Peruna in our home."

The two suffering the penalty this time are William Gross of Carthage and David A. Bromm of New Salem. This makes four registrants added to class one, thus losing all right to claim deferred classification, for failure to meet the requirements of the regulations providing questionnaires must be answered and returned to the board within seven days after they are received.

The board has classified thirty-seven more registrants, placing twelve in class one, five in class two, one in class three, eighteen in class four, and one in class five. This makes a total of two hundred and ninety-two classified up to this

In reply to adverse criticisms of him because the Elks lodge had recently unloaded ten or twelve tons of coal in the basement of the Elks building, S. L. Trabue, county fuel administrator, today issued the following statement:

"The fact that the Elks got ten to twelve tons of coal delivered last week, has caused considerable comment, which is embarrassing to me, and I have decided to make a statement as to why they got it and to show that I had no control over it. The facts are these:

"This car was ordered for the Elks by Frank Capp and was obtained through the courtesy of Fred Glove, formerly of this city, who is connected with a West Virginia mine. The order was placed over six weeks ago and the car came Friday of last week. It was turned over to Reed & Son for the purpose of supplying the Elks and selling the remainder, which was done.

Mrs. Richard Shaw of Connersville is lying at the point of death at the Dr. Sexton hospital as a result of the injuries sustained in an automobile accident at Williamstown Wednesday when the machine in which she was riding was struck by a Big Four freight train. Mrs. Shaw has been in a serious condition ever since the accident but during the last twenty-four hours has grown much worse. Both of her legs were broken and crushed.

Mr. Richard Shaw's condition is not nearly so serious. His head was injured and his back severely sprained but he seems to be improving. Mr. Shaw is also at the local hospital.

The two other victims of the accident, George Shaw and Ed Gloyd are doing as well as could be expected. Mr. Shaw suffered three broken ribs and Mr. Gloyd's back was injured.

HAVE PLENTY OF COAL NOW

The public schools will open on Monday morning after a week's vacation, for Christmas. It is rather unusual that school will be conducted on New Year's but in order to have given a vacation on that day, the vacation would have had to last over Monday also. In several previous years, New Year's has come on Saturday, Sunday or Monday when only one or no extra day would have been required for the vacation. Too, on account of the time lost in the quarantine the authorities are taking advantage of every opportunity to make up the lost time and for this reason have not lengthened the vacation.

FUEL SHORTAGE LOOMS UP AGAIN

With Zero Weather Again on Job,
Coal is Short and Many Suffer
For Lack of It.

MERCURY BELOW LAST NIGHT

Two Cars of Coal Arrive This Morn-
ing, One 20 and the Other
24 Tons Short.

With the prediction of "continued cold weather" and the statement of the coal men that they have no promise for coal in the immediate future, Rush county is again facing a serious situation and many persons are suffering from the lack of fuel.

The two carloads of coal which reached the city this morning were short almost half of their weight, and the remainder of the coal was sold in a few hours after it was received. Twenty-four tons, half of the car, had been stolen from the ear of Indiana coal which J. P. Frazer received this morning and about 20 tons had been taken from the carload that Will Trenenpohl received from West Virginia.

In the face of this, the coal men were simply "covered up" with orders for coal. Several coal men have cars of coal in view but are of the opinion that it will not reach here for several days at any rate.

Last night's lowest temperature was one below zero and this mark was reached shortly before daylight. This morning at 7:30 o'clock the thermometer registered zero. Although the temperature last night at 6:30 was 10 above, it seemed much lower because of the raw wind. There was a drop of 34 degrees in less than 24 hours yesterday for the highest mark registered was 33 above. No warmer weather is expected for a time at least for the weather man predicts that the cold wave will remain for a few days.

Because of the dire shortage of fuel and the probability that the shortage will continue, all agencies are uniting to conserve it as far as possible. On this account the week of prayer services as first announced for the churches will be held instead in the court house and fewer meetings are being held in the churches during the week. The closing of most stores at 6 o'clock will also be an economy in this line. The fuel administrator puts saving of fuel as a patriotic duty of American citizens.

Mrs. George Handigas, who was operated on at the Dr. Sexton Hospital some time ago is better and will return to her home in Greensburg soon.

A letter has been received at the county treasurer's office from Mr. Harden in which he sets forth the fact that he is "again" single and is in search of a helpmate—emphasis on the help since he seems to have a keen desire for property in some shape, whether it be in the form of

GERAGHTY'S LAST SUCCESS BOOKED

"A Man's Man," Scenario Written by
T. J. Geraghty Formerly of This
City to Be Shown

HAS HAD GREAT SUCCESS

Always Remembers His Old Home
Town and Some Characters
Based on Local Ones

The most successful picture written by Thomas J. Geraghty, who since he left Rushville some years ago has become a widely known scenario writer, is booked for the Princess theatre on January 23 and 24. The picture "A Man's Man" had a run in Los Angeles second only there to the "Birth of a Nation."

Mr. Geraghty has risen by leaps and strides since he left this city. He was first connected with the Metro pictures when he began writing scenarios. At that time he and his family made their home in New York but when he accepted an offer with the Lasky people whose pictures are produced by Paramount, Mr. and Mrs. Geraghty moved to Los Angeles. Since that time, he has accepted an offer from the Paralta now.

Mr. Geraghty never forgets to mention his home town. A flattering report concerning him which appeared recently in the Los Angeles Sunday Times termed his as "The Sage of Rushville" in connection with the cartoon of the former Rushville man. In a recent letter, Mr. Geraghty said that his picture "The American Consul" was based on characters he had known in Rushville and in a picture he had written not long ago for Mme. Petrova all of the names used were names from Rushville. In several for the home town people were added.

Of the picture "A Man's Man," Mr. Geraghty wrote "Tell Easley to book my play 'A Man's Man' starring J. Warren Kerrigan, a Paralta seven-reeler, which will be released in a week or so. It is a little the best picture I have written and when it was played out here for a try out—one week—it did the biggest business in the Auditorium in its history next to the "Birth of a Nation." Of course it is no such picture as that but it has a lot of quick, fast, sure-fire action in it. I am doing a story now for Henry Walthall which I think will even surpass it."

Mme. Petrova, Henry Walthall, Warren Kerrigan and Douglas Fairbanks are actors that Mr. Geraghty has written his plays for.

Miss Linnie Land, who underwent an operation at the Dr. Sexton hospital recently is greatly improved.

Anderson Township Contributes \$1.00 Per Capita To Y. M. C. A.

The final report on the Y. M. C. A. fund donated by Anderson township has been received by T. M. Green, county chairman for the drive, stating that the sum of \$977.09 has been contributed from that township. At the time the report was made on the majority of the township's Anderson's fund had not been completed but this report shows that the township has gone \$177 over its quota of \$800 for the drive.

Claude Crane, chairman for the township, stated that 226 persons had contributed, that the average contribution was \$432, and that the amount per capita in the township would figure at about one dollar per person. One hundred and forty dollars of the fund was pledged by the different classes in the schools. An endeavor will be made to hand these pledges in by April 1.

WORKS TO RELIEVE FREIGHT CONGESTION

Director General McAdoo Moves
Engines From West to Pull
East Out of Jam

BLIZZARD HINDERS TRAFFIC

Washington, Dec. 29.—In the face of a blizzard which swept the eastern states, Director General McAdoo through his operating board of railroad executives moved quickly today to relieve freight congestion. More locomotives were ordered from the western line to pull the eastern points out of their jam. Eighty engines already have been transferred from the west into the congested districts and the movement of twenty-two more to the east is being expedited.

Meantime McAdoo centered his attention on the great need of the nation for prompt transportation of supplies. The board expects him to recommend immediate curtailment of passenger traffic and movement of non-war products to give right of way to coal and other war supplies. McAdoo urged the public to accept the changes as war measures.

THEY OUTNUMBER THE ENEMY

Washington, Dec. 29.—Four Turkish army divisions, nearly 60,000 men, reinforced by Austro-German troops from the Russian and Roumanian fronts have begun a desperate campaign to retake Jerusalem and drive the British from the Holy Land, according to official reports reaching Washington today.

Heavy fighting is in progress over a front extending from Jaffa through Jerusalem and along the Jericho road almost to the river Jordan. The Turks vainly attempted to break the British hold on the Jaffa-Jerusalem railroad. Efforts to turn the British flank in the neighborhood of Bethany northeast of Jerusalem failed.

At some points Gen. Allendy's expeditionary force is outnumbered two to one. According to the official reports, he is making a determined stand against Falkenhayn's combined Turko-Austro-German divisions.

CAPTURE FIRST U-BOAT PRISONERS

U. S. Destroyers Fanning and Nicholson Take 4 Officers and 35
of Crew, Cable Reports Say

SEAMEN ARE COMMENDED

Germans Cheer Americans After
Destroyer Reaches Port, Navy
Statement Says

(By United Press.)

Washington, Dec. 29.—The United States destroyer Fanning, aided by the Nicholson, was officially credited with the capture of the first German submarine prisoners. The event occurred in November, according to cable reports.

Officer of the deck, Lieutenant Henry and Coxswain Loomis were commended for sighting the German submarine periscope and Elzer Horwell and Francis Conner, who heroically jumped overboard to rescue a drowning German seaman. Four officers and thirty-five of the crew were taken prisoners after having been cared for aboard the destroyer. Germans cheered the Americans after the destroyer reached the port.

The navy department's story of the incident follows:

"At about 4:10 p. m. while escorting a convoy, coxswain David D. Loomis, lookout of the Fanning, sighted a small periscope some distance off the port bow, extending about a foot out of water and visible for only a few seconds. The Fanning immediately headed for the spot and about three minutes after the periscope had been sighted dropped a depth charge. The Nicholson, also speeded to the position of the submarine, which appeared to be heading toward a merchant vessel in the convoy and dropped another depth charge.

At that moment the submarine's conning tower appeared on the surface between the Nicholson and the Fanning. The Nicholson fired three shots from her stern gun. The bow of the submarine came up rapidly. She was down by the stern, but righted herself and seemed to increase her speed. The Nicholson cleared and the Fanning headed for the U-boat, firing from the bow gun. After the third shot the crew of the submarine all came on deck and held up their hands, the submarine surrendering at 4:28 p. m.

"The Fanning approached, the submarine to pick up the prisoners both destroyers keeping their batteries trained on the boat.

"A line was got to the submarine, but in a few minutes, she sank, the line was let go and the crew of the U-boat jumped into the water and swam to the Fanning.

"Although the crew wore life preservers," the statement continues, "a number of them were exhausted when they reached the side of the destroyer. As the submarine sank, five or six men were caught by the radio aerial and carried below the surface before they disentangled themselves. Ten of the men were so weak that lines had to be passed under their arms to haul them aboard.

"One man was in such a condition that he could not even hold the line thrown him. Chief pharmacist's mate Elzer Horwell and coxswain Francis G. Conner, N. N. V., jumped overboard after this man had secured a line under his arms. When he was hauled aboard every effort was made to resuscitate him, but he died in a few minutes. The four officers of the submarine and the thirty-five members of the crew were all taken prisoner.

"After being taken on board the prisoners were given hot coffee and sandwiches. Though kept under strict guard they seemed contented, and after a short time commenced to sing. To make them comfortable the crew of the destroyer gave them

their warm coats and heavy cloth-
 ing.

"The German officers said the first
 depth charge had wrecked the ma-
 chinery of the submarine and caused
 her to sink to a considerable depth.

"The submarine bore no number
 nor distinguishing mark. She was,
 however, identified by life belts and
 by statements of an officer and men
 of the crews. One of the life belts
 the reports said had 'Kaiser' marked
 on one side and 'Gott' on the other.

"The Fanning proceeded to port
 and transferred her prisoners, under
 guard. As they were leaving in
 small boats the Germans gave three
 cheers. The commanding officer of
 the Fanning read the burial service
 over the body of the dead German
 sailor and the destroyer proceeded
 to sea and buried him with full mili-
 tary honors.

"In his report the commander of
 the Fanning praises the conduct of
 his officers and crew, and gives par-
 ticular credit to Lieutenant Walter
 O. Henry, officer of the deck, and to
 Coxswain Loomis, who sighted the
 periscope. He also commends Phar-

 out-of-town guests. The house was
 beautifully decorated with immense
 baskets of flowers and a large
 Christmas tree was one of the main
 features of the decorations. The
 guests were entertained with games
 and guessing contests and music
 was provided by the telephone,
 which was one of the gifts to Mrs.
 Bundrant. Miss Meadows also sang
 several solos. Dainty refreshments
 were served. The out-of-town guests
 were Miss Maud Roberts of North

Socialist Speaks

In the course of a recent debate in the Vienna Reichsrat the Czech Socialist leader, Stransky, violently attacked Germany and sharply criticized Count Czernin's peace program. Referring to Germany, Stransky said it was the fatal desire for the predominance of the German nationality in Austria which had brought on war.

But for that the concessions offered by Serbia would have been considered sufficient. Europe would stand a strong Germany, but not two strong German Empires side by side, governed from Berlin. Perhaps after all, Great Britain, France, and America are not so simple as to fight merely for the freedom of the Poles, Bohemians, and southern Slavs, but fight rather for political reasons for securing the guaranty of an Austria independent of Germany and not ruled from Berlin. It has been asserted that the alliance with Germany is indissoluble, but nothing on earth is indissoluble. Even if the union is so firm, circumstances may arise to render its continuance impossible, because they affect not only the policy but the actual existence of the country. Referring to Count Czernin, he called the count's peace conditions nothing but phrases. They were no conditions at all, but only a designation of the situation which should prevail after peace. They were not even, as the count modestly claimed, his own ideas, but were "made in America"; that is, they were President Wilson's ideas put forth at a time when America was at peace.

Not "Our Allies"

A request coming directly from President Woodrow Wilson that the term "Our associates in the war" be substituted for "Our Allies" has been received by the Indiana State Council of Defense and the Federal food administrator for Indiana, Dr. Harry E. Barnard. Needless to say the request will be complied with in all future publicity and correspondence emanating from these two sources.

The wishes of the president were conveyed to the Indiana officials through a letter from the United States Food Administration quoting a letter from the White House, as follows:

"I have noticed on one or two of the posters of the Food Administration the words 'Our Allies.' I would be very much obliged if you would issue instructions that 'Our Associates in the War' is to be substituted. I have been very careful about this myself because we have no allies, and I think I am right in believing

very jealous of any intimation that there are any formal alliances. You will understand, of course, that I am implying no criticism. I am only thinking it important that we should all use the same language. Cordially and Sincerely yours,
"WOODROW WILSON."

Become Wholesalers

Any grocer supplying a hotel is classed as a wholesaler and must have a license under the federal food control act, according to advice just received by Harry E. Barnard, federal food administrator, for Indiana. The ruling came from the legal department of the federal administration, which holds that the food control should obtain as much with reference to this class of retailers, even though many of them may be small, as exists in reference to the dealers whose sales total \$100,000 per year. County food administrators in Indiana have been advised by Dr. Barnard to see to it that all retailers conform to this regulation and secure federal licenses at once.

Reports from hotels, restaurants,

public eating houses, including indications that for the first month of the meatless and wheatless day regulations 695,000 pounds of meat and 311,000 pounds of flour were saved. The federal food administrator has no way of estimating the saving through substitution of perishables for staples in private kitchens. Altogether the showing is considered "satisfactory."

One On The Judge

This is one on Judge Sparks, chairman of the legal advisory board for the draft, and he tells it on himself as a good joke.

He was the only member of the board who showed up at the sheriff's office Thursday night to help registrants fill out their questionnaires. When he arrived several men were standing around the sheriff's office. Assuming they were all registrants awaiting the assistance of a member of the board, Judge Sparks assured them if they would wait someone would be there soon to help them. None put in their appearance, and Judge Sparks called several and asked them to come down. E. B. Thomas and Douglas Morris were the first ones to arrive.

Just about that time the Home Guard began to drill and Judge Sparks realized that the crowd was

Fighting Over the Empty Sugar-Bowl

Blaming the Food Administration itself for the sugar shortage, and charging that its sugar committee is "a mere adjunct of the American Sugar Refining Company, the sugar trust," Mr. Claus A. Spreckels, called "the leading independent sugar-refiner of the country," started the Senate Committee's inquiry into fuel and sugar conditions with somewhat of an explosion. In reply to Mr. Spreckels's charges, Food Administrator Hoover issued a statement in which he said that "it required no proof from me to establish that Mr. Spreckels, the leading sugar-refiner, is sore at the Food Administration, and would like to see it destroyed. I realize that Mr. Spreckels's balance sheet will not look so good next year as last, for refiners' profits have been regulated."

In THE LITERARY DIGEST for December 29th, there is a very enlightening article dealing with the sugar situation from various view-points, showing what has caused the shortage and what the Food Administration has done to curtail the cost of sugar to the people.

FIGHT FOR YOUR LIFE

Duty Demands
Robust Health

Fight to get it and keep it

Fight—fight day in and day out to prevent being overtaken by ill and all. Keep wrinkles from marring the cheek and the body from losing its youthful appearance and buoyancy. Fight when ill-health is coming with its pallor and pains, defects and declining powers. Fight to stay its course and drive it off.

But fight intelligently. Don't fight without weapons that can win the day for without the intelligent use of effective weapons the pallor spreads and weakness grows and a seemingly strong man or woman oftentimes becomes a prey to ill after all.

You will not find this class of persons in the hypoferrin ranks. No unhealthy, dull, draggy, droopy persons in that line. It is a hale, hearty, robust aggregation of quick-steppers who view life in a joyous frame of mind and are mentally and physically equal to any emergency. Hypoferrin stands for a sound body and sound mind—it is the invigorating tonic of the times—powerful and unsurpassed as a health restorer, vitalizer and health preserver. Fight to hold the vigor of a sound body with hypoferrin or to stay the process of decay and restore health and strength—you win. This tonic of amazing, wonder-working properties has been approved by physicians as a restorer and safeguard of health. It is a thoroughly scientific preparation of the very elements necessary to tone up the stomach and nerves, to build strong, vital tissue, make pure blood, firm flesh and solid, active, tireless muscles.

Hypoferrin contains these strength-producing agents, leucithin and iron peptonate, in a form best adapted to benefit the body and its organs. Its ingredients are absolutely necessary to the blood. In nine cases out of ten a run-down condition, sallow, pale complexion that "fall in" feeling and frail bodies are due to lack of leucithin and iron peptonate in the system.

Your mental and physical strength and endurance depends upon a healthy and iron peptonate. It gives steady, dependable nerve and a healthy stomach. With these you can meet life at any angle.

This wonder tonic, hypoferrin, which is as perfect as science can get to nature, meets every essential demand of the human organism. It is safe and sure and a boon to run-down, worn-out men and women. Hypoferrin means nature's own way of bringing color to the cheeks, strength to the body and keeping the vigor and buoyancy of youth. The power and point way of affecting beauty is not needed by hypoferrin women and girls. Their blood, filled with nature's beauty stores, creates conditions that give firmness and grace to the body and the glow of health to the cheeks.

No need of going through life sickly and always feeling miserable in this age of medical science. Join the hypoferrin ranks. It puts into you the spring snap and vigor you ought to have and puts life to your body and mind that inspires the confidence that you confront the world on an equal footing with anyone.

Hypoferrin may be had at your druggist or direct from us for \$1.00 per bottle. It is well worth the price. Sceptel Remedies Co., Cincinnati.

The wedding of Miss Blanche Baine, head of the English department in the local high school, and Lewis W. Rawlings, which was solemnized on Wednesday, December 26, at the home of the bride's parents in Martinsville has been announced. Mrs. Rawlings is the daughter of Mr. and Mrs. J. E. Baine of Martinsville and Mr. Rawlings is the son of James Rawlings of Hartford city.

The simple but pretty wedding service which was performed by the Rev. J. J. Moss took place at 6:30 in the evening and was followed by a bridal dinner which was enjoyed by the ten guests who attended the wedding, including only the immediate family. The friendship was formed at Hartford City last year where Mrs. Rawlings taught in the high school and Mr. Rawlings lived at the time. Mrs. Rawlings will continue teaching in the local school during the remainder of the year and the young couple will make their home with Mrs. C. H. Gilbert in North Main street.

During her short stay in this city, Mrs. Rawlings has gained a number of friends and has become very popular in the school as well as shown her efficiency. Mr. Rawlings is a talented violinist and at present is connected with the Boxley Music Store.

The wedding of Miss Rosella Beatrice Boyce, daughter of Mr. and Mrs. James P. Boyce and Clark G. Behler, both of Fort Wayne, which took place yesterday at 9 o'clock at the St. Patrick's Catholic church there will be of interest to many friends and relatives of the bride in this city. Miss Marcella Behler, sister of the bridegroom was maid of honor and Asher Boyce, brother of the bride gave her away and Ensign James Boyce also a brother of the bride attended the groom as best man. Mr. and Mrs. Behler left for an extended bridal trip. Mrs. Behler lived in this city for many years and has visited here several times recently.

The Reeves annual Christmas dinner was held at the home of Mr. and Mrs. Alonzo Newhouse in Center township on Christmas day. Those present were Mr. and Mrs. Jeff Reeves and daughter, Audrey, Mr. and Mrs. Jap Steel, Mr. and Mrs. Thomas Duke, Mr. and Mrs. Rea Boring and daughter, Mr. and Mrs. Earl Wright, Mr. and Mrs. William Reeves, Mr. and Mrs. Knowie Newhouse and daughter, Ethel, J. O. Brown and Benton Brown.

Mr. and Mrs. Frank George pleasantly entertained the members of the D. R. C. Club at their home in New Salem last evening. One of the interesting features of the evening was the short talk given by Private Roy Culbertson of Quantico, Va., who is home on a furlough, on camp life. Dainty refreshments were served late in the evening to the 25 guests. Miss Edna Trobaugh of South Bend was also among the guests.

Mr. and Mrs. Morris M. Winship entertained with a family dinner today at their home in East Fifth street, honoring Lieutenant and Mrs. Hale Pearsey, who were recently married and will leave today for Camp Shelby, Miss., where Lieutenant Pearsey is stationed. The elegant course dinner was served at twelve o'clock and covers were laid for about twelve guests.

About 15 couples attended the informal dance given at the Social

Club last evening when Sherman's three piece orchestra provided the music. A delightfully informal time was enjoyed during the dancing series. Miss Marian Gronendyke and Kenneth Coffield of Newcastle were the only out-of-town guests.

Mr. and Mrs. Isaac Miller entertained yesterday at their home at 403 North Arthur street with a family dinner. The guests for the all day affair were Mr. and Mrs. At Boling, Mr. and Mrs. Joe Miller and three children and Mr. and Mrs. Walter Miller of Indianapolis.

The annual election of officers will take place at the meeting of the Monday Circle to be held on Monday at the home of Mrs. Minnie Abercrombie in North Morgan street. In addition to this, Mrs. C. H. Gilbert will have a paper on "Portia, Desdemona, Imogene, Beatrice."

On Monday evening, Prof. William F. Jenkins will lecture in the library at the court house on "Charles Dickens," for the members of the Shakespeare Club and their invited friends. The last program given at the club was in preparation for the lecture on Monday evening.

About forty members of Psi Iota Xi are expected at the pitch-in supper being given this evening at the Social Club honoring the college girls who are members of the sorority and are home for the holidays.

Mrs. Donald Alexander was the charming hostess, when she entertained a number of friends yesterday afternoon at her country home northwest of this city with an informal tea.

DELAY BUYING WOOL ADMITTED BY SHARPE

Quartermaster General Says it Took From April to August to Arrange For Purchase

FIRST ONE MADE DECEMBER 1.

Washington, Dec. 29.—Months delay in buying wool for soldier uniforms and overcoats were admitted by Quartermaster General Sparpe before the senate military probers today. This delay, camp commanders have testified, has resulted in the deaths of scores of troops who suffered from pneumonia.

Sharpe said it took from April 3 to August 1 to arrange for wool purchases. No considerable quantity of wool was purchased until December 1.

TRAVELERS MEET TODAY

Indianapolis, Ind., Dec. 29.—The annual meeting of Indiana's Commercial Travelers was held here today. The annual ball which is staged during the holiday season by the travelers was called off this year because of war conditions. The travelers discussed the means of increasing patriotic interest and other ways in which they could be of help in winning the conflict.

CHANGE IN DELIVERY

Beginning on Monday, the new system of delivery will be started by the Benson delivery system. The change has been made as a conservation measure and deliveries will be made at 8 and 10 o'clock in the morning, at 3 in the afternoon and Saturday night at 7 o'clock.

COAL PRODUCTION INCREASES

Indianapolis, Ind., Dec. 29.—Coal production in Indiana during the month of December will total nearly 2,000,000 tons more than has ever before been taken out of mines of the state, according to E. I. Lewis, chairman of the public services commission. This figure is based on reports made by railroads and mine operators.

K. K. K. Sorority Pledges \$2,000 For Ambulance

Local Tri Kappas Will Have Part in Purchase of War Equipment With Funds Saved on State Convention and Reduction in Size of Cross Keys.

EIGHT FROM HERE ATTEND

The local chapter of Tri Kappa has had a part in the purchasing of the Tri Kappa ambulance, which will be given to the government for service abroad by the entire organization. The decision was made at the business meeting of the sorority, held in the Claypool Hotel yesterday, to purchase a Red Cross ambulance with the money that had been saved by giving up the spring convention and by issuing the sorority publication, "The Cross Keys," in much simpler form. By these measures, \$2,000 will be saved, the amount necessary for the purchase of the ambulance.

The sorority convention usually consists of a dinner, business meeting and formal dance. These have been done away with and the Cross Keys will be put out in bulletin form instead of the booklet in order that the funds may go toward war relief. Eight members of the local chapter were at the meeting yesterday in Indianapolis when these decisions were made. Officers for the coming year were elected at the meeting as follows: Miss Mary Lee Hicks of Bloomington was re-elected president; Miss Mary Rieman of Connersville, vice-president; Miss Ruth Earhart of Huntington, secretary; Miss Ella Bloomfield, treasurer; Mrs. Edna Barbes of Montmorenci, editor of Cross Keys.

NOT TO BE ACCORDED USUAL COURTESIES

American Prisoners Will be Employed by Germans in Low Form of Labor

NEWS AT U. S. HEADQUARTERS

(By United Press.) American Field Headquarters in France, Dec. 29.—Americans who may be captured by the Germans are to be regarded as not entitled to the ordinary courtesies accorded prisoners of war, according to information reaching here today.

It is presumably the intention of the Germans to employ American prisoners in low form of work under wretched conditions such as the Germans imposed on the Russians in the past. The Germans regarded the Russian prisoners as little better than animals and compelled them to live in frightful surroundings.

HOLIDAY VACATION WILL END ON MONDAY

Continued From Page 1 will have charge of the science department. A part of the high school teachers who have been at their homes over the holidays have returned and the remainder are expected to tomorrow.

All of the schools are well supplied with coal for a time so the shortage will not effect them.

GOVERNOR'S MOTHER DEAD

(By United Press.) Winchester, Ind., Dec. 29.—Mrs. Elizabeth P. Goodrich, age 77, mother of Gov. James P. Goodrich, died this morning following a relapse which she suffered two days ago. The governor was at her bedside. Five sons survive. Mrs. Goodrich was stricken with heart disease last May and her condition was critical for several weeks at the time the governor was at the point of death in Indianapolis a sufferer, with typhoid fever.

SOLDIER, ILL, IS HOME

Herman Osborne, son of Mrs. Lillian Osborne of this city, who has been with Company M of the 152nd Infantry at Camp Shelby, Miss., reached the city today for a visit of several days. Mr. Osborne has been quite ill having had spinal meningitis since he reached Hattiesburg. He is greatly improved in health at present and after a few days furlough will return to the camp.

When You Need a New Battery

The Willard trade-mark branded into the side of the battery tells the whole story. For that mark is the sign of the Still Better Willard with Threaded Rubber Insulation.

It is the outward and visible sign of the biggest storage battery improvement in years.

It stands for durable, Threaded Rubber Insulation—for a battery in which the need of re-insulating is indefinitely postponed.

Next time you're in, ask us for the booklet B-3, "A Mark with a Meaning for You"—it tells exactly what the Willard Mark stands for.

Recipes Suggested For Wheatless Days

The following recipes are suggested by Miss Kate Dennis, domestic science instructor in the high school, as an aid to housekeepers in solving the problem of variety in the days meals, especially on wheatless days.

Barley Ginger Bread.

Two cups barley flour, 1 cup fat, 1 egg, 1 cup sour milk, 1 cup molasses, 1 teaspoon soda, 2 teaspoons baking powder, 1 teaspoon ginger, 1 teaspoon salt.

Barley Cookies.

Two cups barley flour, 1 cup fat, 1 cup sugar, 1 or 2 eggs, 2 teaspoons baking powder, 1 teaspoon salt, 2 or 3 tablespoons milk or water, 1 teaspoon flavoring.

Barley and Oatmeal Cookies

One cup barley flour, 1 1/2 cups rolled oats, 1 cup fat, 1 cup brown sugar, 1 cup Karo syrup, 1 egg, 3 tablespoons water, 2 teaspoons baking powder, 1 teaspoon salt, 1 cup nuts.

Raisin Cup Cakes

One-third cup fat, 1 cup sugar, 1 egg, 1 cup milk, 1 1/2 cups "red dog," 3 teaspoons baking powder, 1 teaspoon vanilla, 1 cup raisins.

Spice Cookies.

One-half cup molasses, 1 cup sugar, 3 tablespoons fat, 1 tablespoon milk, 2 cups "red dog" flour, 1 teaspoon soda, 1 teaspoon salt, 1 teaspoon cloves, 1 teaspoon cinnamon, 1 teaspoon nutmeg.

Plain Barley Cake

Two cups barley flour, 1 cup fat, 1 1/2 teaspoons baking powder, 1 cup milk or water, 1 cup sugar, 1 egg, 1 teaspoon salt, 1 teaspoon flavoring. (Rye flour, or "red dog" can be used instead of barley.)

Corn Meal Ginger Bread

One cup of corn meal, 1 cup of molasses, 1 cup of sugar, 1 tablespoon of fat (Butter or Crisco), 1 teaspoon of salt, 1 cup of sour milk. Cook the ingredients in a double boiler about 20 minutes, then add, 1 cup of wheat flour (or any other flour), 1 teaspoon of ginger, 1 tea-

spoon of cinnamon, 1 teaspoon of soda, 1 egg (2 tablespoons), 2 teaspoons baking powder. Bake in a shallow pan in a moderate oven.

Mix all ingredients as in ordinary cake. The taste is improved by the addition of raisins, molasses, Karo syrup or glucose can be substituted entirely or in part for the sugar. If the syrups are added, decrease the liquid about one-half.

FALLS AND BREAKS LEG

The Rev. Walter J. Cronin, of Richmond, formerly pastor of St. Mary's Catholic church here, slipped and fell on the snow as he was entering the church one day recently, breaking one of his legs. The Rev. Father Cronin was pastor of St. Mary's church here, before the Rev. M. W. Lyons came to Nashville.

PURDUE WILL GIVE 8 WEEKS DAIRY COURSE

Courses Will Be Divided into Farm Dairying and One on Dairy Machinery

WILL START NEXT MONDAY

Lafayette, Ind., Dec. 29.—An 8 weeks' training course in dairying will be given at Purdue university starting next Monday. Final arrangements were completed for the course today.

The courses are divided into one for farm dairying and the other on dairy machinery. Instructions are given in dairy breeds, in the care, feeding and grading of a dairy herd, milk testing, butter making and the like in the farm dairy course.

The manufacturing course is designed especially for those who expect to engage in the manufacture of butter and other dairy products.

About one-third of each day's work will be done in the class room and the remainder will be spent in the creamery and dairy laboratories. Visits will be made to model farms in the vicinity of Lafayette.

COMMITTEE WOMEN MEET

War Activities Held up Until Instructions Come

To make plans for the women's war activities, the heads of some of the committees appointed by the County Council of Defense had a short meeting in the court house Thursday afternoon. The women are awaiting instructions from the state committees before starting on any definite work. The work is to cover nine departments of war relief and under the supervision of these committees all women's war activities in the county are to be conducted indirectly.

OF REV. L. E. BROWN

Connersville Paper Speaks in High Terms of Minister Who Has Accepted Local Call.

WILL BEGIN MARCH FIRST

Has Been in Connersville For Five Years—Appeared Often on Chautauqua Platform.

Of the Rev. L. E. Brown of Connersville, who recently resigned his position as pastor of the Christian church there to accept the call of the local Christian church in March, the Connersville Examiner says the following:

The Rev. L. E. Brown has accepted a call to the Christian church in Rushville. His resignation has been formally presented to the Connersville trustees of the Central Christian church. The Rushville congregation issued a unanimous call a few days ago and the pastor decided to make the change. He has announced that the new charge is a very desirable one. He will be paid a higher salary than the one offered here. The salary is to be two thousand dollars a year, with a free manse and one month's vacation. Even though the members of the local congregation may attempt to retain the pastor's services he has announced that his decision had been made and that his pledge will be fulfilled.

The Rev. Brown is one of Indiana's foremost ministers. He is a deep student of the Bible. He has been prominently identified with the nation's ministerial work for longer than forty-two years. The minister is now sixty-two years old and he is recognized as one of the most able pulpit orators in this section of the Central states. Dr. Brown has attained state-wide fame because of his chautauqua and commencement addresses and during the past fifteen years he has delivered powerful messages in practically every part of Indiana and Ohio.

The Rev. Brown has been pastor of the Central Christian church for five years. No pastor in Connersville is more widely known or more generally admired than he. He is a friend of the people. His pulpit orations have attracted large audiences from the opening sermon to the present time. He has a large following of friends in this county, not only among the members of his own congregation, but among those of other religious denominations.

Before coming to Connersville, Rev. Brown was pastor of the Lebanon congregation for eight years. The Lebanon people deeply regretted his departure and it is known that church goers of every denomination in this city will realize they have lost the service of a useful figure by the departure of this worthy man.

Dr. Brown is democratic in his views. He is a man of high intelligence. He is broad minded, has a foresight into the future, and is never rigidly disposed concerning any particular point. He is a firm advocate of temperance and has rendered valuable work in this particular pursuit. But in aiding the cause he was one who made friends, even among the men of the opposite belief.

FOOD ADMINISTRATOR

H. E. Barnard Has Authorized M. F. Lovett to Appoint Advisory Committee of Any Size

SUGGESTS COUNTY COUNCIL

County Food Administrator M. F. Lovett has been authorized by Dr. Harry E. Barnard, federal food administrator for Indiana, to select and appoint a county executive or advisory committee. It is suggested that where possible the members of the county council be appointed, but where this is not practicable county administrators are advised to consult with the chairmen of the county organizations. The size of the committee is left to the discretion of the county administrator, but should be large enough to make possible a survey and continued observation of the sale and distribution of food. The committee is in no sense to direct the administrator's work, but to assist both by actual reports and moral support, where needed. County administrators are advised also to name two assistants who shall report violations of price regulations and similar abuses. These men will serve as deputy county administrators.

DRYS PLAN 1918 CAMPAIGN

To See That Amendment Is Approved at Legislature

Indianapolis, Ind., Dec. 29.—Political leaders are getting ready to draw the lines for next year's campaign in the state along wet and dry lines. Although Indiana has adopted the state-wide prohibition law, the drys are going to make a determined fight to see that the federal constitutional amendment is approved at the meeting of the Indiana legislature in 1919. Wet interests now although centering their attention on the result of the test suit of the state prohibition law, are working the ground for congressional and legislative elections. Considerable interest has been manifested in the action which the Democratic state central committee may take on the issue at its meeting here on January 1.

Amusements

The Spy will be the feature at the Gem theatre on Monday, Tuesday afternoons and evening.

This evening's program offers another adventure of Stingaree, an extra good 2 reel comedy.

Much of the real kind of comedy appears in the water scenes of the latest Ann Pennington picture, "The Anties of Ann," which is to be shown on Tuesday at the Princess theatre, when Miss Pennington as a rather harum-scarum boarding school girl amazes her relatives and friends by appearing in a daring if somewhat risqué bathing suit. The interested spectators who flocked after her at the hotel where the scenes were taken nearly upset the bathing raft and it was necessary to send for the life guards to rescue the small star.

This evening's program at the Princess includes little Mary McAllister in the comedy "Pants" which is especially appealing to children. "The Runaway Colt" is a farce comedy which is said to be an excellent production. On Monday, Carlyle Blackwell and Jane Elvidge appear in "The Marriage Market."

When the United States declared war against Germany, on April 6, 1917, ninety-six enemy vessels, interned in American waters, were immediately seized by Government officials. The total value of these

Nearly every store in the city has started on the annual task of invoicing and although the Christmas shopping rush is over, all of the clerks in the stores are quite busy. ALLIES FIGHT FOR FREEDOM AND PEACE

Declaration of Lloyd George to War Congress Says England's Aim Is Not Imperialistic

SAME AS WHEN ENTERED WAR

(By United Press.)

London, Dec. 29.—The allies purposes in continuing war are not imperialistic or vindictive but for the future freedom and peace of mankind, Premier Lloyd George declared in a message delivered to the Labor Congress Friday.

"The question of a new declaration of our war aim is constantly kept in view," declared Lloyd George. "But such a declaration will only be issued in agreement by the allies. The ideals for which we are fighting are the same as those when Britain entered the war. Never were we more convinced that our purposes are not imperialistic or vindictive, but to achieve freedom and peace for mankind."

Lloyd George's speech followed the opening speech by Arthur Henderson, President Wilson's aim and urgent plea for Great Britain to make clear to the world, that she was not fighting for world conquest was moved and the adoption of his outline of war was made.

the real hit of last season beginning an engagement at the 48th Street Theatre, early in the fall a year ago and continuing there until the opening of the present theatrical season, being received with enthusiasm by all the critics all of them pronouncing it an unusual play and an unusual subject.

In writing "The 13th Chair" Mr. Veiller has selected one of the principal characters a spiritualistic medium, one Rosalie LaGrande who although admitting a certain amount of charlatanism, yet retains the sympathy of the audience. Rosalie LaGrande has been engaged to conduct a seance at a fashionable home, the object of which, as conceived by one of the characters who is a believer of the psychic, is to discover the perpetrator of an "unaccountable murder. During the thrilling moment it is suddenly discovered that one of these in the mystic shrine has himself been slain in a most uncanny manner. So great is the mystery that a clever police detective with all the resources at his command finds it insoluble and the audience involuntarily joining in trying to unravel the untangled skeins is kept in suspense until the fall of the curtain as to the identity of the real criminal there never was a moment without interest.

Mr. Harris has assembled a cast of real excellence to portray the various characters in the play and provided a production that is said to be scenically perfect. In the company are Blanche Hall, Joseph Garry, Marie Goff, Vereone Kelso, Herbert Fortier, Perry Hopper, Sidney Blackmer, Madge Corcoran, Jane Gilroy, James Morrison, Elaine Anderson, Edward Keenan, Anne Amerys, Arthur Fitzgerald, Ethel Man-

CAMPAIGN WILL OPEN ON TUESDAY

Republican and Democratic Chairmen Will Name Members of Permanent Board.

REGISTRATION IS IN MARCH

Will Continue Until 29th Day Before Election—Primary Will be Held on May 7.

The campaign of 1918 in Rush county will really start the first of the year, due to several changes in the primary election law made by the last legislature. The political machinery will really be put in motion next Tuesday, when under the provisions of the law, the Republican and Democratic county chairmen will name a member each for the county board of registration and election commissioners. These two appointees, with the county clerk, will compose the board. As a result of the changes in the law there has been considerable confusion in the minds of the voters as well as political leaders. The board to be named will have charge of both the registration and election. The changes in the law will have a tendency to make politics the entire year, it is believed here.

The election and registration commissioners for 1918 must be appointed on Tuesday, January 1. The language of the law on this point is as follows:

"In each county of the state the clerk of the circuit court and two qualified electors by him appointed, one for each of the two political parties that cast the largest number of votes for the office of secretary of state in the last preceding general election, shall constitute a county board of registration commissioners, hereinafter called the registration board. Such registration board shall also serve and perform the duties of the county board of primary election commissioners and also the duties of the county board of election commissioners, as provided by law."

"The appointment of said two qualified electors to the registration board shall be made on the first Tuesday in the month of January in each year in which a general election is held, and if prior to that time, the chairman of the county central committee of either party that cast the largest number of votes for the office of secretary of state in the last preceding general election shall nominate in writing a qualified voter of his own party residing in the county for such appointment, the said clerk of the circuit court shall appoint such nominee."

The law states that the board shall organize for registration purposes on the third Monday in March, by appointing a chief clerk of registration and a deputy clerk, also assistant clerks if such are needed. The actual work of registering voters, however, will not start until the second Monday in April. The registration board will be in session from that time on "until Monday, the 29th day before the general election, which last named day shall be the last on which a voter may register."

No registration is required to vote at the primary, which, under the change in the law, will be held on the first Tuesday after the first Monday in May. This will make the date for the primary May 7.

A candidate wanting his name to appear on the ballot of his party in the primary must file a declaration with the county clerk setting forth the name of the office for which he seeks nomination at least 30 days and not more than 60 days before the date of the primary. This means that candidates will begin announcing themselves in March and April. In cases where those seeking nomination of state offices the declaration is filed with the secretary of state.

The method of organizing the state, county and district committees will be the same as in 1916. The precinct committeemen will be named in the primary and they will later name the county chairmen, who in turn will name the district chairmen.

Catarrh of Throat

Miss Amalie Ruzicka, 1449 South 16th St., Omaha, Nebraska, writes:

"I have suffered with catarrh of the throat. I caught cold and it settled in my throat, and I coughed badly and was very weak. I had two doctors, and had taken so many different medicines and found no help. I thought I will have to give up; but at last my mother read about Peruna, so I thought of trying that great medicine Peruna. I got a bottle of it and in about four days I almost stopped coughing, and after a while I surely found relief, and from that time we are not without Peruna in our home."
